
THE GREEN DRAGON FOUNDATION

Unique Community • Unlimited Opportunity

Message from the President

Dear Friends,

On behalf of the Green Dragon Foundation, I am pleased to present our inaugural Annual Report. Since its incorporation in 2008, the Green Dragon Foundation has aspired to accelerate the pursuit of an excellent education experience for the children of the Lewisburg Area School District.

During 2009, the Foundation achieved a number of critical milestones. In February, the Foundation hired its first employee – Executive Director, Ann Glock. Ann’s dedication and contributions have been essential to the growth and success of the organization. In April, the Foundation received its official 501(c)(3) status. In June, we opened our office in Brookpark Farm and in August we launched our website www.greendragonfoundation.org. During September and October, the Foundation conducted numerous focus group sessions with local community members, business leaders, and alumni. These meetings succeeded in validating our Mission and confirming a number of assumptions – most notably that the Lewisburg community and alumni take great pride in the success of their children and schools. Finally in January, 2010, due to the generosity of our donors and successfully participating in the PA EITC (Pennsylvania Educational Improvement Tax Credit) program, the Green Dragon Foundation was able to make two distributions totaling \$40,000 to the Lewisburg Area School District. The Foundation presented one \$30,000 check in support of the 21st Century Classrooms initiative at Kelly Elementary and one \$10,000 check as a first installment on a \$25,000 pledge toward the (EITC approved) Online Courses for Advanced Learning program at the high school.

I would like to personally thank all our Board members and volunteers for their tireless dedication and commitment. And on all of their behalf, extend a sincere thank you to our donors and sponsors. We are tremendously grateful for your participation and ongoing support.

Sincerely,

R. Brooks Gronlund

President

“Volunteering my time and investing in the quality of education in my hometown gives me an opportunity to have a positive impact on nearly every single member of this community. Everyone benefits when the local school system is a center of excellence.”

— R. Brooks Gronlund,
*president of the
Green Dragon Foundation, and
vice president of operations,
Wood-Mode, Inc., Kreamer, PA*

The Green Dragon Foundation is a community-based nonprofit organization dedicated to providing and directing funding for the realization of educational, cultural, and athletic programs and capital improvement projects for the enrichment and enhancement of the students of the Lewisburg Area School District.

About Us

The Green Dragon Foundation is an independent not-for-profit 501(c)(3) organization whose purpose is to help the Lewisburg Area School District teachers and students excel in programs that are not funded by public tax revenues. The foundation is led by a volunteer board of directors made up of business, education and community leaders.

The foundation strives to direct resources to improve the educational efforts of specific initiatives or projects. Serving students and inspiring relationships between LASD and businesses in the area is a mutually beneficial relationship for growth and development of our community.

We are effective in our efforts because of the tremendous amount of support we get from the community via volunteers. The necessary guidance and support we receive by our board of directors allow us to accomplish our goals. Committees and work groups support the various programs we provide.

"Education is about academics, but it's also more than that. It's finding something deep inside the soul that excites a child that [make] a child want to go out and explore. That's what this foundation offers us. We're already good at educating our children. With the Green Dragon Foundation, we can become great."

— **Kathy Swope**, *president of the School Board,
Lewisburg Area School District,
and advisor, Green Dragon Foundation*

2010 Board of Directors

Officers:

R. Brooks Gronlund, President
Ann R. Sherpick, Vice-President
Andrea L. Bertram, Secretary
Robert J. McCormack, Treasurer

Members:

Timothy J. Apple
Christopher Baylor
Paul C. Beswick
W. Gale Reish, MD
Graham C. Showalter, Esq.
Mark E. Temple

Advisors:

Mark D. DiRocco, Ph.D.
Robert W. Donehower
Brady J. Fisher
Kathy K. Swope

Executive Director:

Ann M. Glock

2010 Board of Directors (front row, left to right) Mark Temple, Chris Baylor and Ann Sherpick.
(back row, left to right) Bob McCormack, Brooks Gronlund, Sam Lundquist, Andrea Bertram and Mark DiRocco.

Brooks Gronlund introduces the Green Dragon Foundation to LASD teachers & staff in August 2009

LASD Superintendent Dr. Mark DiRocco invited the Green Dragon Foundation to the LASD Opening Convocation for all teachers and staff at the Lewisburg Area High School Auditorium on August 21, 2009. On behalf of the foundation, Brooks Gronlund, president, welcomed everyone.

Brooks, a member of the Lewisburg High School graduating class of 1986, was excited and pleased to introduce all in attendance to our new organization. During his presentation, Brooks concluded that to be different, the Green Dragon Foundation needed to think big, bold and broad!

big

Big – Many of the programs and infrastructure/facility projects identified in the Vision 2020 Plan are large in scope and require hundreds of thousands, if not millions, of dollars to adequately fund. Thus, the Green Dragon Foundation aims to play a *leading role* in raising *significant* funds to help address these needs.

bold

Bold – The best strategy for raising significant funds is to present a convincing case, be extremely organized, have a recognizable brand and develop a long-term relationship with our donor base. To achieve this strategy, the Green Dragon Foundation is modeled after professional development offices typically found in major universities and private schools. The foundation hired a part-time executive director in February and currently has two board members with professional fundraising/development office experience. The foundation is organized and run like a business—focused on achieving strategic goals and committed to quality and customer service, while emphasizing a professional image and strong brand identity.

broad

Broad – The Green Dragon Foundation intends to positively impact as many students in the Lewisburg Area School District as possible. Thus, its approach will be to fund programs and projects that are broad in scope and that benefit a wide range of student groups and interests.

The Green Dragon Foundation is unique in that it strives to raise *significant resources* through *professional fundraising methods* to enable programs and projects which will benefit the *entire Lewisburg Area School District*.

State Funding of Area School Districts ('08-'09)

Green Dragon Foundation Hosts Focus Groups

In September 2009, the Green Dragon Foundation hosted three focus groups at the Lewisburg Area High School. According to board president, Brooks Gronlund, during the first 18 months, the Green Dragon Foundation laid the groundwork necessary to become a successful fundraising organization. Before launching its formal fundraising efforts, the foundation wanted to conduct three focus groups to accomplish the following goals: introduce and review its mission statement; receive feedback on its case statement (case for support); confirm and validate the mission of the organization; and learn more through the exploration of ideas with members of the community.

The sessions were guided by Drs. Walter Stewart and Sharon L. Larson, of the Center for Health Research at Geisinger, and attended by an average of 12 participants.

Findings from the three focus groups confirmed that:

- Strong schools are an asset to a community
- The public school revenue model is complex and not well understood
- Local philanthropy is more important than national giving
- Athletic facilities continue to be a strong interest of many
- Professional fundraising is a valid approach
- All students should be given an equal opportunity to succeed
- Lewisburg residents take great pride in their schools

The Foundation learned that:

- The school district needs a stronger, more collaborative relationship with Bucknell
- Communication is critical, and the Green Dragon Foundation needs broad-based community support to succeed
- There is strong interest in improving information technology (IT) resources and availability
- The enrichment program and AP course offerings are falling short
- Support for special needs students should be increased

"One of the great things about Lewisburg is that this community values education. The Green Dragon Foundation is a great example of that. With the kind of energy they've shown, it's hard not to be excited about all that we can accomplish."

— Mark D. DiRocco, Ph.D.,
superintendent of the
Lewisburg Area School District,
and advisor,
Green Dragon Foundation

Grant Received from Union County Community Foundation

The Green Dragon Foundation recently received a \$3,000 grant from the Lindig Lewisburg Fund, through the Union County Community Foundation.

Leslie Temple, president of the Union County Community Foundation, presented the \$3,000 grant to Ann Sherpick, vice-president of the Green Dragon Foundation. According to Temple, "The Union County Community Foundation is delighted to assist the Green Dragon Foundation with this gift. The late Charles F. Lindig set aside a portion of his estate for the benefit of projects directed towards religious, charitable, educational, cultural, recreational or economic welfare of the borough of Lewisburg. Mr. Lindig wanted this fund to serve as a living memorial to his grandparents, Charles F. Lindig and Sarah Bobb Lindig, and to his parents, Fred W. Lindig and Nettie Walter Lindig. According to his will, he did this in grateful appreciation of the opportunities afforded to his family by the community of Lewisburg."

According to Ann Sherpick, vice-president of the Green Dragon Foundation, the organization applied for funding to help launch the On-Line Courses for Advanced Learning program at Lewisburg Area High School. She adds, "We are so grateful to the Union County Community Foundation for approving our request. A grant such as this will help make this program a reality at the high school."

Sherpick stated that the foundation has been actively raising money for this innovative program through its PA Educational Improvement Tax Credit (EITC) program. Sherpick adds, "The goal is to raise \$25,000 and, thanks to this grant, we are a little closer to achieving this. To date, the foundation has raised \$18,000 towards the implementation of this program."

Ann Sherpick, vice-president of the Green Dragon Foundation (left), with Leslie Temple, president of the Union County Community Foundation.

An overwhelming majority of our students go on to post-secondary colleges and trade schools. By offering our students a rigorous curriculum of advanced placement and real-world, relevant courses infused with technology, we will provide them the best opportunities for their lives and work."

— Mark Temple,
teacher at Lewisburg Area High School, and board member, Green Dragon Foundation

Kathy Swope, President of the Lewisburg Area School Board, with R. Brooks Gronlund, president GDF, and Mark DiRocco, Superintendent of LASD.

"We are thrilled to have the new laptop cart. The cart is being used by a variety of teachers including music, art and kindergarten.

Although the specials teachers have a cart, between the six of them, they quite frequently utilize the Internet to provide a deeper understanding of the concept being taught.

Mr. Snyder did a project with abstract art where second graders were analyzing paintings from Web sites that he had marked. At the same time, Miss Harvey was conducting an interactive project of her own.

It is amazing the opportunities that 25 computers can provide. Thank you again for your support of the students at Kelly Elementary. We truly appreciate what you have done."

— Mr. Dustin Dalton,
principal, Kelly Elementary School

Green Dragon Foundation Presents Checks Totaling \$40,000 to LASD

On January 14, 2010, the Green Dragon Foundation presented two checks totaling \$40,000 to Dr. Mark DiRocco, superintendent of LASD.

Brooks Gronlund, foundation president, announced, "On behalf of the Green Dragon Foundation Board of Directors, I am delighted to make this donation to the Lewisburg Area School District. Our mission is to provide and direct funding for the realization of educational, cultural, and athletic programs and capital improvement projects for the enrichment and enhancement of the students of the entire Lewisburg Area School District."

In keeping with its mission, the foundation presented one \$30,000 check in support of 21st Century Classrooms at Kelly Elementary School. According to Dustin Dalton, principal of Kelly Elementary School, "Funds were used to buy 25 laptop computers and a laptop cart, on which the computers are charged and transported throughout the school. This is the 10th such cart in use at Kelly." He continued, "Our carts are in use all day long. Rarely do we have one cart that is idle. Pre-kindergarten through third grade students use the computers to supplement reading and math curriculum, to create programs on Apple iMovie, and to use a program called BrainPOP, an educational Web site that supports curriculum in mathematics, technology, health, science, social studies, arts and music, and English. Our teachers will be pumped up!"

The foundation donated an additional \$10,000 to Lewisburg Area School District in support of the On-Line Courses for Advanced Learning program at the high school. According to Dr. DiRocco, "High school students will be able to access Advanced Placement and other advanced courses on-line that are not available in the Lewisburg Area High School curricular offerings or are in conflict with other high level classes. Courses will be contracted through on-line learning sites to provide students with learning opportunities that would not be available under normal circumstances. Students will have the opportunity to work on these courses during the school day through the use of dedicated laptop computers, and after school on their home or public use computers. This will create an extended curriculum for gifted and motivated students who want to excel beyond the constraints of the local curriculum offered by the school district."

According to Gronlund, "The goal of the foundation is to raise \$25,000 to support the On-line Courses for Advanced Learning program. The foundation presented the district with the first installment of that pledge." He continued, "The program was initiated through the Pennsylvania Educational Improvement Tax Credit (PA EITC) program. Institutions and corporations such as Swineford National Bank, Wood-Mode and Lawton Insurance Agency made a two-year commitment to fund the program. Because of their generosity and commitment, the district will begin to implement this innovative program." Corporations interested in learning more about the tax credit program can contact the foundation at (570) 522-8433.

Green Dragon Foundation Provides New Computers At Kelly Elementary School

Representatives from the Green Dragon Foundation visited Kelly Elementary and saw first-hand how the foundation's donation was enriching the educational opportunities for students. According to Ann Glock, Green Dragon Foundation executive director, "In keeping with our mission, we presented a check for \$30,000 in support of 21st Century Classrooms at Kelly Elementary School in January. At that time, we were happy to make the donation and, now, we're ecstatic to see our donation being put to use! What a difference our donation is making for these young learners."

The day of the visit, Miss Abigail Harvey was using the computers in her music and related arts classroom. Since the music lesson was a combination of two classrooms, some students had to share computers. Miss Harvey projected her computer screen on a large white screen so that the students could follow along with the lesson. The third grade class started out by listening to two pieces of music and identifying the instruments they heard. Miss Harvey directed the students to the Web site, music-room-MissHarvey.wikispaces.com. She instructed the children to read about Ludwig van Beethoven while listening to his music. Afterwards there was class discussion. Miss Harvey explained to the third graders that they could also view "Classics for Kids" for more music and stories. When the lesson ended, she told the children that they could visit this site at home this evening.

According to Dr. DiRocco, "The world has changed; we live in an increasingly global society, and education must change as well. We have an obligation to prepare children for their world. Our district needs technology in every classroom to ensure each child is exposed to a 21st century learning environment. Recent studies conclude that technology-rich instruction results in significant increases in student achievement. Technology enhances instruction opportunities and engages students by creating an authentic, experiential learning environment. We want to equip our students with the technology tools necessary to transform the future of education." DiRocco continued, "This generous donation is helping us reach the district's Vision 2020 technology goals. We are very grateful for their support."

"The MacBooks donated to Kelly Elementary by the Green Dragon Foundation have helped me enhance the music education I provide to third and second grade students.

All students have been able to learn about significant composers in an interactive way through my Wikispace. In addition, the MacBooks brought the New York Philharmonic into my music classroom. As we explored the Web site for the Philharmonic, the third grade students discovered a few instruments they did not know existed. Also, they heard quality sound samples of different instruments, and they are learning to distinguish between instruments within a family."

— **Miss Abigail L. Harvey**
Kelly Elementary School

Highlights of Green Dragon Foundation Accomplishments and Milestones...

Dates	Accomplishments/Milestones
February-August 2008	Worked closely with Mid-Atlantic Consortium of Education Foundations (MACEF) to establish the Green Dragon Foundation
May 2008	Green Dragon Foundation Incorporated
Fall 2008	Search for executive director begins
February 2009	First executive director hired on a part-time basis
April 2009	Green Dragon Foundation becomes an approved 501 (c)(3) organization
April 2009	Developed the Green Dragon Foundation logo
April 2009	Initial Lewisburg Area School District (LASD) programs for GDF support were identified and approved by GDF board
May 2009	Green Dragon Foundation is registered as a charitable organization with the PA Bureau of Charitable Organizations
June 2009	Green Dragon Foundation is approved as an Educational Improvement Organization (EIO) with Pennsylvania's DCED
June 2009	Established GDF office
July 2009	Created Green Dragon Foundation group on Facebook and LinkedIn
August 2009	Launched the Green Dragon Foundation Web site (www.greendragonfoundation.org)
August 2009	Green Dragon Foundation was introduced at LASD's convocation of teachers/staff
September 2009	GDF conducts three focus groups
October 2009	Bucknell University's marketing executives begin working with the GDF to help develop the organization's marketing and communications strategy
Fall 2009-Winter 2010	GDF makes presentations to area service clubs and PASR (LASD retired teachers/staff organization)
November 2009	GDF pledged \$30,000 to LASD for 21st Century Classrooms and launched a mini-campaign in support of program
December 2009	Achieved 100 percent board and staff giving!
January 2010	Green Dragon Foundation presented LASD with checks totaling \$40,000: \$30,000 given in support of 21st Century Classrooms and \$10,000 given in support of "On-Line Courses for Advanced Learning"
February 2010	GDF annual board meeting held
March 2010	GDF receives \$3,000 grant from the Union County Community Foundation in support of "On-Line Courses for Advanced Learning"
March 2010	Published first issue of <i>The Green</i> , a semi-annual fundraising newsletter for LASD
April 2010	Green Dragon Foundation identified and approved additional LASD programs for its Educational Improvement Tax Credit (EITC) program

"We have reviewed the statement of financial position of the Green Dragon Foundation (a nonprofit organization) as of December 31, 2009, and the related statements of activities and cash flows for the year then ended, in accordance with Statements on Standards for Accounting and review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of The Green Dragon Foundation.

Based on our review, we are not aware of any material modifications that should be made to the financial statements in order for them to be in conformity with generally accepted accounting principles."

Lewis Barlett Klees, P.C.

Planning Your Gift

Gifts May Be Donated in Various Ways

The financial benefits of gifts to the Green Dragon Foundation, a 501(c)(3) organization, depend on your situation, but the opportunity to make a difference for Lewisburg Area School District students is always great. It is through the generosity of gifts like yours that our students are served by the Green Dragon Foundation.

Gifts of Cash

This is the most common method of providing a gift. A cash gift to the Green Dragon Foundation is tax-deductible. You may donate through PayPal or you may send your donation to:

**The Green Dragon Foundation
115 Farley Circle, Suite 306
Lewisburg, PA 17837**

Visit: www.greendragonfoundation.org
to make a donation online!

Matching Gifts

Does your company have a matching

gift program? Many employers sponsor matching gift programs and will match any charitable contributions made by their employees. If your company has a matching gift program, you could double or possibly triple your gift quickly and easily.

Gifts of Appreciated Securities

A gift of appreciated securities allows the donor to make a significant contribution at a reduced cost. Federal tax laws allow a charitable deduction for the full market value of securities on the date of the gift.

Gifts of Life Insurance

Absolute Assignment: This method transfers ownership of a policy that has outlived its original purpose to the individual.

Co-Beneficiary: This method names the Green Dragon Foundation as co-beneficiary of all or part of the proceeds of a new or existing policy.

Bequests

These are provisions in wills to leave a gift to the Green Dragon Foundation. Charitable bequests are fully deductible from the estate and can significantly reduce estate taxes on the balance of the estate. Bequests may be specified as a gift of cash or securities, real estate or other property. Alternatively, they may take the form of a percentage of the total estate. A donor may consider a residuary bequest, which is a gift of all of a portion of one's estate after other conditions are met.

Please contact the Green Dragon Foundation, 115 Farley Circle, Suite 306, Lewisburg, PA 17837, (570) 522-8433 or info@greendragonfoundation.org, so that we can provide more detailed information about charitable gifts and discuss with you and your advisor the most advantageous ways to make them.

PA Educational Improvement Tax Credit (EITC) At Lewisburg Area School District

The PA Educational Improvement Tax Credit (EITC) Program is administered by the Department of Community & Economic Development (DCED) under Act 48. Established in 2001, the program awards tax credits to businesses that make contributions to scholarship organizations and/or educational improvement organizations that are on a list approved and published by the DCED.

Does the PA EITC work for your company?

A gift to the Green Dragon Foundation can provide your company with a substantial tax credit through the PA Education Improvement Tax Credit Program.

Your contribution can impact the quality of our schools and ensure that Lewisburg and the surrounding area remain premiere communities in Pennsylvania.

How to direct your company's tax dollars to benefit your community: It's easy...

Qualifying businesses need to complete a one-page

application and submit it to the Department of Community & Economic Development (DCED) by July 1. Application forms are available online at www.newpa.com.

Decide if you would like to participate for one or two years. The tax credit is a 75 percent credit (against taxes owed). However, if a company provides a written two-year commitment of equal funding, the credit becomes 90%. For a two-year commitment, companies need to reapply at the end of the first year.

Advantages/benefits for your company:

Support public education by donating to the Green Dragon Foundation through the EITC.

Increase the size of your contribution with no additional out-of-pocket expense.

Increase goodwill in the community.

Direct where tax dollars are spent.

Become a Partner for Education.
