This year's Business Showcase will have a theme. Thanks to everyone who sent suggestions! This year we will be using Games as our theme. We have come up with a list of games for you to use as a theme at your table. Not everyone will decorate their table with the theme and that's ok. For those who want to have a game theme, we have come up with 43

games to choose from. Please let us know ASAP which game you will be using. We would like to keep it one game per business and no repeats. Email Vickie by clicking [here](#) to claim your game.

We will also be putting together a Game Day Map that will resemble a game board similar to Monopoly and each game will be on the map. Attendees that participate will fill in the name of each business on the square for the matching game and will have you stamp their space. If you do not want to participate with a theme-no problem.

Those attendees that participate in the game sheet, will drop it off in a box we will have for a prize drawings.

You will purchase the game that you sign up for and somehow incorporate that into your display. You could also get creative and make game pieces for decoration. If the game has cards, you could use those as well as props.

1. Ants In The Pants
2. Apples to Apples
3. Battleship
4. Bingo
5. Candyland
6. Catchphrase
7. Chess
8. Checkers
