

## THIS WEEK AT THE MARKET

Spring vegetables and strawberries top the shopping list for fresh produce again this week. Cool-weather lettuces, spinach, radishes, broccoli, asparagus, spring onions, and kohlrabi are on display at most of the farm vendor tables. The taste of fresh from the farm will outshine anything you get at the grocery store. Ask farmers about produce you have never tried and venture into some new recipes.

## FOCUS ON CRAFT VENDORS

The Saturday Market is proud of its inclusion of artisans and crafters on the vendor lineup. This week, you can find handcrafted jewelry, candles, hand-painted signs, hand-thrown ceramics, wood crafts and plant hangers, laser-cut wood designs, crocheted baby toys, handmade bow ties, 3-D printed fantasy critters, blacksmithing creations, soaps, lotions, herbal tinctures, and CBD products from farm to customer. Our artisans are an excellent addition to the Murfreesboro Saturday Market. Shop local for gifts--or for yourself.

## MARKET TIPS: OPEN 8-NOON

We are an outdoor, open-air market around the square in historic downtown Murfreesboro with 68 vendor spots. We are open rain or shine. Come shop with our local farmers, growers, bakers, and makers. This would be a great weekend to try Harmony Lane Creamery Goat Cheese (or fudge). And why not take home a bag of Ace's Kettle Corn or a container of fresh pimento cheese from The Blue Porch? Make food fun!
