

"Hello!

My name is Megan Varner-Duckett, and I'm thrilled to join the Oak Harbor Main Street Association's board. Having relocated here a few years back to raise my children, while working remotely in a corporate position, I discovered this community to be exceptionally warm and friendly.

Now, after shifting from the corporate world to a small business owner in the same community that so graciously welcomed me, I am eager to apply the skills learned from my corporate experience (strategy, operations, project management, events, etc.) to wholeheartedly contribute to OHMSA's mission and its outreach to this wonderful community."

Thanks!

Megan
